

One grain-saving chute can be used interchangeably on several trucks or wagons.

ONE'S FOR GRAIN, THE OTHER FOR SAFETY

Handy "Savers" for Farm Trucks

New from Turner Mfg. is a pair of "savers" to fit most farm trucks, including yours. One saves grain, the other makes it easier and safer to climb the truck box.

Turner's grain and material saving chute lets you tilt the bed higher for complete emptying, and lets you unload at any angle without waste. The truck endgate adjusts flow of grain.

By adding brackets on other trucks or wagons, only one chute is needed. It's made of durable 16 g. steel and retails for \$32.95, with a set of brackets. Extra brackets are \$5.95 each.

Turner's Safe-T ladder folds up and latches when not in use. It's available for 40, 52 and 64 in. sides,

with optional extensions for extending 40 or 50 in. ladders. No bolts, screws or wrenches are needed to attach. Can be used on either side, or on the back of the vehicle.

Retail price for the 40 in. ladder is \$32.95, 52 in. ladder is \$37.95 and the extension is \$10.00. If a farmer has a 40 in. ladder and adds tip-tops later, the extension will make a 52 in. ladder for him. The same thing can be done for some one who has a 52 in. to make a 64 in. ladder.

For more information on either or both products, contact: FARM SHOW Followup, Turner Mfg., Thompson, Mo. 65285 (ph. 314 682-3813).

Safe-T ladder can be used on sides or back of the truck. Bottom section folds up when not in use.

COLOR-IMPRINTED T-SHIRTS

Tell The World You're No. 1!

New T-shirts now on the market give you and your family several options for telling the world that you're No. 1!

General version: It proclaims the message "Farmers are number ONE!", imprinted in bright red, yellow and blue colors.

State version: If you're in one of 12 midwest states, you can buy T-shirts with an extra top line message which touts your state as well as your profession. This "state" version is available for Minnesota, South Dakota, North Dakota, Iowa, Wisconsin, Indiana, Illinois, Michigan, Nebraska, Kansas, Ohio and Missouri.

Enterprise version: If your specialty is beef, hogs, corn, soybeans, wheat or irrigation, you can buy the "enterprise" version to plug your specialty enterprise. If you're in hogs, for example, you can buy color-imprinted T-shirts that read: "Hog farmers are number ONE!"

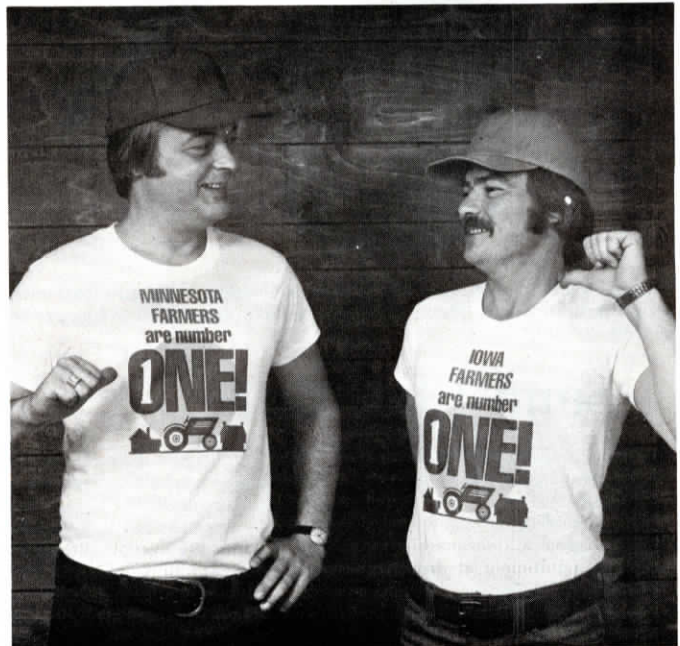

If the "state" or "enterprise" versions don't apply to your operation, you can order the general version ("Farmers are number ONE!") which applies to all farmers and farm families.

All versions are available in four sizes: Small (34-36); medium (38-40); large (42-44); and extra large (46 and above).

These are top-quality, pre-shrunk Hanes T-shirts," explains Dick Flor, president of Flor Art Studio and designer and marketer of the new-style shirts. He emphasizes that the "logo" colors are permanent and don't fade or blur with repeated washings.

The shirts sell for \$3.95 each, plus 75 cents for postage and handling.

For more details, contact: FARM SHOW Followup, Flor Art Studio, Yorktown Office Court, 7101 South York Ave., Edina, Minn. 55435 (ph. 612 831-3333).

T-shirts imprinted in bright red, yellow and blue colors are available in "state" version shown above, an "enterprise" version and a general version (without the top line) which reads: "Farmers are Number ONE".
