Wood Or Steel Hoop Barns

Silver Stream Shelters reports a banner year with higher sales than ever of its complete line of Hoop Barns, which are available with both steel and wood hoops.

The steel series is available in 30-ft. wide single hoops, and 30, 38, 42, 50 and 65-ft. wide truss arch. The wood series is available in 30, 36, 38, 40, 42, and 44-ft. wide.

Darryl Enns at Silver Stream says the company's biggest seller this past year was its 38 by 100 steel truss, currently on special for \$10,900 for the frame and cover kit, including pipe and ratchet tie-down.

This year, for FARM SHOW readers only, Silver Stream is featuring a 30 by 72-ft. round galvanized Gatorshield single frame and cover kit with pipe and ratchet tie-down. They're featured on the company's website (www.silverstreamshelters.com) for \$5,790 each but FARM SHOW readers who can verify their subscription can buy the shelters for just \$4,995 plus freight. Limit of 5.

Silver Stream also sells replacement covers for all brands and canvas track door systems from 10 by 10 ft. to 15 by 20 ft., or any size in between.
