

Join Us On The Web!

If you've got a computer, you're never more than a click away from FARM SHOW.

Join us at WWW.FARMSHOW.COM. It's the easiest way to tell us about your "best" or "worst" buys or to tell us about a hot new "made it myself" idea you or your neighbor has come up with. It's also a great way to renew your subscription, buy a gift subscription for a friend, buy a video or CD, or just to change your address.

But that's not all.

We've compiled a list of all the major farm equipment shows in North America, Europe, and the rest of the world. And if the shows have a web site, we've provided active links so you can travel there with a click of your mouse.

If you're an inventor, you'll want to check out our resource links for inventors. If you've got a product you'd like to patent or bring to market, this site will get you on your way.

We've also got exciting links to some of the best machinery talk sites on the internet, as well as many other miscellaneous sites detailed below.

Fantastic Ag Links

We're biased but we think we have the most interesting and useful set of links on any ag site we've ever seen. Links include farm publications and a comprehensive listing of farm shows.

- **Ag Publications** - A list of farm publications with web sites, including foreign publications such as the excellent Farmer's Weekly magazine in England.
- **Ag Search** - We pulled together the best ag search engines and indexes on the web.
- **Antique Tractors** - Sources for parts, manuals, museums, magazines, clubs, etc.
- **Farm Equipment Shows** - Comprehensive listing of U.S., Canadian, and international farm shows with links to web sites.
- **Inventing & Patenting** - How to patent and bring a product to market. Do your own patent searches, see what's new on the market.
- **Machinery Talk** - Visit with other do-it-yourselfers, swap shop tips, discuss best & worst buys, etc.
- **Miscellaneous** - A wide-ranging collection of some of our favorite web sites such as PETA (People Eating Tasty Animals).

FARM SHOW Marketplace

Our Videos and CD-Roms are offered for sale at our web site. You can order any of our products quickly and easily through our secure server.

Talk To Our Editors

Communicating via our web site is an easy way to contact our editors. It's fast, free and you don't have to lick a stamp!

- Submit a "best" or "worst" buy report for publication in FARM SHOW.
- Tell us about any "made it myself" ideas born in yours or a neighbor's workshop. We'll get the information immediately and follow up with you for more information.
- Pass along a money-saving repair or maintenance shortcut for publication in FARM SHOW.
- Notify us about hot, new commercial products that you think FARM SHOW readers should hear about.
- Participate in on-line surveys which will be conducted from time to time.

Check On Your Subscription

You can contact our circulation department through the web site.

- Check on the status of your subscription
- Renew your subscription on our secure server
- Give a gift subscription to a friend or relative
- Send a free issue to a friend
- Change your address
- Notify us quickly of any missed issues, or other circulation problems.
