

You Asked For It

EDITOR'S NOTE: Looking for the manufacturer or marketer of a product you'd like to buy or get repaired? Or for an item you read about in a previous issue of FARM SHOW?

We'd be happy to do what we can to help. If we don't have the answers, we can probably put you in touch with who does.

Contact: Research Dept., FARM SHOW Magazine, P.O. Box 1029, Lakeville, Minn. 55044 (ph 612 469-5572).

Where can I get more information about the Resco welder nominated as a best buy in a recent issue? (*Vic Franco, Rt. 1, Box 420, Springdale, AR 72764*). The Resco welder, featured in Vol. 8, No. 3, mounts in place of the regular alternator and can also be used to boost-charge batteries or run power tools. Contact: FARM SHOW Followup, Resco Mfg. Co., 6546 Baker Blvd., Fort Worth, Tex. 76118 (ph toll free 800 433-7628, or 817 284-4796).

In a recent FARM SHOW issue, a reader wrote in about his Agri Power tractor purchased from Wholesale America Inc. What's the company's address? (*Clyde A. Sorenson, 13790 N.E. Garland Rd., Garland, Utah 84312*). Contact: FARM SHOW Followup, Wholesale America Inc., 4777 Menard Drive, Eau Claire, Wis. 54703 (ph toll free 800 826-3403; in Wis. 715 874-5000).

Who makes kits for converting 3-wheel ATV's into 4-wheelers? (*Judy Ferguson, 760 S. Hospital Rd., Union Lake, Mich. 48085*).

Contact: FARM SHOW Followup, CSE Enterprises, Rt. 2, Box 3, Sutton, Neb. 68979 (ph 402 773-4120); or, FARM SHOW Followup, 3 X 4 Products, 1452 N. Johnson Avenue, El Cajon, Cal. 92020 (ph 619 442-0876)

Where can I get more information on the Invisible Fence for keeping dogs in the yard that features a wire buried in the ground and a special collar put on the dog's neck? When a dog comes too close to the wire it gets a small shock. (*Clem Adam, R.R. 3, South Edmonton, Alb. T6H 4N7*).

For information on the fence, featured in Vol. 8, No. 4, contact: FARM SHOW Followup, Invisible Fence, Co., 400 E. Lancaster Ave., Wayne, Penn. 19087 (ph 215 964-0600).

We started making large round hay bales last summer for the first time. While we've read about plastic wraps and hay preservatives for high moisture bales, we're interested in hearing from anyone who's experimented with drying large round bales with forced air. (*Paul Harder, R.R. 5, Sunderland, Ont. L0C 1H0*).

How can I modify the brakes on my 1968 B-275 International tractor? As anyone who's ever owned one knows, the brakes aren't very reliable. (*Robert C. Wile, R. 1, Bridgewater, Nova Scotia, Canada B4V 2V9*).

Where can I get the strip-on lettering for putting on the sides of my pickup? (*Jim Dykstra, R.R. 2, Orange City, Iowa 51041*).

This story appeared in FARM SHOW Vol. 10, No. 4. Contact: Spear Co., Dept. 18116, P.O. Box 7025, Colorado Springs, Col. 80933 (ph 303 471-9850).

Who makes the tractor rear wheel weights, made out of plastic or fiberglass, that can be filled with sand or water for extra weight? (*Bill Beazley, R.R. 2, Correctionville, Iowa 51016*).

The weights, which fit inside tractor rims, were featured in Vol. 7, No. 3. Contact: FARM SHOW Followup, Kan-Am Industries, Rt. 1, Glen Elder, Kan. 67446 (ph 913 545-3295).

Who makes a propane-powered calf dehornor? (*Ephraim Beiler, R.D. 1, Box 406A, Bird In Hand, Penn. 17505*). For information on the portable dehornor, featured in Vol. 10, No. 2, contact: FARM SHOW Followup, Daniel Stoffel, 4632 Hwy. 28, Kewaskum, Wis. 53040 (ph 414 626-4577).

What's a good way to keep groundhogs out of farm buildings? (*Jessiemay Bauman, 5108 Co. Road 23, Auburn, Ind. 46706*).

Who makes the wheel track spikes that fit in front of the disc openers on grain drills? (*Glenn Rheingans, Rt. 1, Box 49, Madison, Minn. 56256*). Contact: FARM SHOW Followup, Ryden Development, 346 So. Atlantic, Hallock, Minn. 56728 (ph 218 843-2252).

Who's the Massey-Ferguson dealer that refurbishes combines and then sells them complete with warranties. (*Bruce Hunter, Box 43, Wandering River, Alb. T0A 3M0*). Contact: FARM SHOW Followup, Massey-Ferguson Used-Combine Center, 1300 S. West St., Wichita, Kansas. 67213 (ph 316 942-2269).

I recently visited a large feedlot and one of their feed ingredients was popped milo. Do you know of a company that makes a small popper? We operate a 50-cow dairy. (*A.K. Mussett, 1341 W. Hwy 83, Alamo, Tex. 78516*).

Where can I get more information about collecting toy tractors? Is there a magazine for collectors? (*Robert Johnson, Cedar Rapids, Iowa*).

One of the best sources of information for toy tractor collectors is a magazine called "Miniature Tractor & Implement" published by Raymond E. Crilley Sr., E. Springfield, Penn. The monthly publication features latest details on new issue toy tractors as well as features on classics. A year's subscription costs \$12.50. Crilley is also one of the authors of the International Directory of Model Farm Tractors, a 350-page book that contains details on hundreds of toy tractors and implements, many of which are worth hundreds of dollars. The book sells for \$29.95.

What's the best source of "how-to" information for butchering animals at home? (*W.J. Williams, Bloomington, Ill.*).

Tab Books recently published a book entitled "Home Butchering and Meat Preservation" by Geeta and Sam Dardick that's one of the most complete guides to home butchering we've seen. It details slaughter of poultry, rabbits, goats, sheep, deer, pigs and cattle. In addition to butchering information, it also compares dif-

ferent ways to preserve meat, including canning, freezing, and curing. Book sells for \$12.95. Contact: FARM SHOW Followup, Tab Books Inc., P.O. Box 40, Blue Ridge Summit, Penn. 17214 (ph toll-free 800 233-1128).

What's the name of the company that makes a special-designed shoe to put starter fertilizer to the side and just below the seed on most planters? (*Michael Basley, Rt. 3, Bremen, Ind. 46506*). Contact: FARM SHOW Followup, Niemyer Tractor & Farm Supply, Hwy. 61 South, Bowling Green, Mo. 63334 (ph 314 324-3337).

Where can I get more information on buying "Hair Sheep" as featured in your Vol. 10, No. 4 issue? The advantage of the sheep is that they don't have any wool so you don't have to shear them if you're raising them for meat or milk. (*Gerry Hansen, HCCRI, Box 2, Orient, S. Dak. 57467*).

Contact: FARM SHOW Followup, Clyde Burch, Bethel, Mo. 63434 (ph 816 284-6628).

I'm looking for more information on my pto-powered tractor seeder-spreader manufactured by L.S. Wattington Mfg. Co., in Bloomington, Ill. It works great but I need a manual to get proper settings. (*Gordon L. Dotson, 2919 N. 9th St. Rd., Lafayette, Ind. 47905*).

What's happening with Joe Newman and his revolutionary energy invention that creates its own power as it runs? I heard the first prototype engine has been installed in a car. How's it working out? (*Steve Heider, 2603 S. Stuhr Rd., Grand Island, Neb. 68801*).

Here's a photo of the car fitted with Newman's engine. The futuristic-looking body was created specially for the engine. On February 4th, Newman demonstrated the engine for reporters, running it at speeds of 4 mph powered by a series of 1 1/2-volt transistor batteries. He's currently "working out the bugs" on the car and continuing his court battle to obtain a U.S. Patent. For more information, contact: FARM SHOW Followup, Newman Energy Machine, 1135 Jackson Ave., #305, New Orleans, La. 70130.

In a recent FARM SHOW issue there was an article about rebuilding planter shoes on International Cyclo 400 planters. Where can I contact the company? (*Thomas Schabel Jr., 2161 S. Finn Rd., Munger, Mich. 48747*). Contact: Donald Gooden, Valley Mfg. Co., Emmons, Minn. 56029 (ph 507 297-5750).

I need a pair of grinder plates for a #4 Stover-grain grinder. I think the company was bought out. Can anyone help me? (*Clarence Mueller, 958 Wildwood Rd., Curtis, Wash. 98538*).

In Vol. 11, No. 1, there was an article about our Little River Pond Mill aerator which keeps dugout water fresh, clean and ice-free. Our new phone numbers are 306 642-4240 (642-3400-eva.). (*Lorraine Cameron, Sunset Solar Systems Ltd., Box 1327, 501 Hwy. #2 North, Assiniboia, Sask. S0H 0B0*).

FARM SHOW's Vol. 10, No. 6 issue had a story about a bicycle type of exerciser that attached to a regular chair or wheelchair. What's the name and address of the

company? (*Shirley Aasen, P.O. Box 32, Marengo, Sask. S0L 2K0*). Contact: FARM SHOW Followup, Marvin Dranselka, Country Box Exerciser, P.O. Box 93, Wayne, Neb. 68787.

What's the name of the company that has plastic fenders to put over the old rusted-out ones on pickups? (*Harvey Smith, 200 W. 13th, Horton, Kan. 66439*). The maintenance-free panels, featured in Vol. 10, No. 5, are available from: FARM SHOW Followup, Walt Peterson, Panelcraft, Rt. 5, St. Cloud, Minn. 56301 (ph 612 255-1991).

Who's the company that has the small electric grease gun which took conventional grease cartridges? (*Jake Deter, R. R. 4, Kempville, Ont. K0G 1S0*).

Contact: FARM SHOW Followup, LubeCon Maintenance Systems, Inc., 6735 West 64th St., Fremont, Mich. 49412 (ph 800 582-3266; in Mich. 800 235-2314; in Canada 616 924-0653).

In Vol. 11, No. 1, FARM SHOW ran a list of tractor and combine salvage yards. I've been compiling my own list for the past few years and thought your readers might appreciate these additional names. (*Leo Metz, 350 S. LaFox St., South Elgin, Ill. 60177*).

Allen & Associates, Wayland, Mich. 49348 (ph 616 792-6291); Associated Tractor Service, 1323 W. Charter Way, Stockton, Cal. 95206 (ph 209 466-3003); Balcom Implement, Fairmont, Minn. 56031 (ph 507 238-1514); Bedwell Farm Equipment, Rt. 9, Bushnell, Ill. 61422 (ph 309 772-2342 or 2365); Chapin Cylinder Head Co., P.O.
