**THANKS FOR 10 FANTASTIC  
(AND CHALLENGING) YEARS**

## Farm Show's 10 Years Old!

It's party time. Time to welcome in the new year and time to celebrate FARM SHOW's 10th birthday.

For us, it's a celebration of Thanksgiving — a time to pause and give thanks to each and every one of you in our "family" of 150,000 subscribers throughout the U.S., Canada and foreign countries.

Our gift to each of you on this 10th birthday anniversary is our pledge to repay your support and confidence these past 10 years with a magazine that will be even more valuable to you in the months and years ahead.

We'll still be the "what's new" magazine that

carries no advertising and focuses exclusively on "best ideas" born in farm workshops. And, of course, we'll continue our "Best and Worst Buys" report, a popular FARM SHOW exclusive which has appeared regularly since our very first issue rolled off the press 10 years ago this month. Because it doesn't carry advertising, FARM SHOW is one of the few farm magazines in the entire world that depends solely on its readers for support. We're not beholden to a single advertiser or commercial company — only to you, our readers.

All of us on the FARM SHOW team salute
