

Herbal Formula Eases Farmers' Aches And Pains

Harry Trafton, Ramsey, MN: Harry spent over 40 years working as a stockman in the steel industry, walking on cement day after day. This work took its toll, wearing down the cartilage in his knee.

After Harry tore ligaments in his left knee on two separate occasions, Harry's doctor recommended that he undergo major knee surgery to hopefully avoid arthritis. However, because the surgery removed the cartilage in that knee and left it "bone on bone," he has suffered from pain in that knee ever since. Toward the end of his career, he could barely make it through eight hours of work because of the intense pain in his knee.

His pain limited his work position to Stationary Machine Operator instead of a Mill Runner. He really didn't enjoy being assigned to a stationary machine. "I had problems getting out of the car. I had to hold onto the railing with both hands in order to be able to get down stairs. I could barely walk out of work after an eight-hour shift," Harry says.

He saw an article about Stuart's Pain Formula in an issue of Farm Show. "I was having trouble getting up and down the steps on vacation and decided I'd had enough. I got home and looked for that issue of Farm Show to find the phone number for Stuart's and ordered a bottle of Pain Formula. I'm pretty skeptical about claims...but when I got the bottle, that's all I needed. I was impressed the first time I used Pain Formula."

Harry continues to use Stuart's Pain Formula every few days to relieve his knee pain and also uses it on his back and any other areas that cause him pain. "When my joints get inflamed, I stop it with the Pain Formula. After using the product, the pain might last 10 steps, but then is fine. I'm not in pain and I can do the laundry without worrying about if I'm going to fall."

He tells other people about Stuart's Pain Formula and now many of his family and friends use Stuart's Pain Formula for neck pain, back pain, joint pain, and arthritis aches and pains. "What do you have to lose?" he asks them.

His friend who suffers from arthritis was going to go on a hunting trip to Montana. He was able to negotiate the difficult terrain with minimal pain because he took Stuart's Pain Formula with him. The friend told Harry, "I don't leave home without it!" Harry says. "The quality of your life is better when you're not in pain. You're willing to do more things and things that you never thought of before because you're not stressed out by pain."

"After I spend a day in my wheel chair I end up with a lot of back, neck, & shoulder pain. Within a half hour of applying Stuart's Pain Formula I am pain free. Prior to knowing about Stuart's I could not tolerate a whole day in my wheel chair."

Mike Kirik, Union City, Penn.: Mike was introduced to Stuart's Pain Formula upon discharge for open heart surgery by a staff person at the Pittsburgh, PA VA hospital. Mike was told to use the product on his chest for pain relief during the healing process. He was able to get relief from the post-surgical pain in his chest plus he now uses it on his arthritic knee.

Daniel Poray, Alexandria, Va.: "I was diagnosed with arthritis in my right leg and knee. I use Stuart's Pain Formula 2X/day and the pain has dramatically gone away and my movement, flexibility and range of motion have increased. The doctor recommended a cortisone shot and I was skeptical. I found Stuart's and glad I did!"

John Peck, Moose Lake, Minn.: John uses Stuart's Pain Formula for foot pain associated with diabetic neuropathy. If he forgets to apply it at night the pain will normally keep him awake. Using it will give him relief so that he is able to sleep. He also uses it for knee pain.

Betty Brooks, Buhl, Idaho: "I put the Pain formula on my knees about 10:00 a.m. this morning, and it's now 9:00 p.m. and I'm still pain free. I've had knee surgery - and tried just about every product on the market - and this works. I've had a very good day! I could feel it working as soon as I put it on."

Barbara Burke, Crown Point, Ind.: "My husband was waking up 2 to 3 times a night with knee pain. On day 2 of using Stuart's Pain Formula he slept all night long."

Thomas Lindberg, Two Harbors, Minn.: He says, "I have arthritis pain in my shoulders and back and was having trouble sleeping through the night because of the pain. I read about Stuart's in FARM SHOW and was a bit skeptical at first but thought I'd give it a try. I was absolutely amazed at how well it worked and now use it every day. It works better than anything on the market."

Tom Donelson, Fargo, N.Dak.: He has been using Stuart's Pain Formula for over 2 years. "I give samples to everyone I meet that complains of joint or muscle pain. I've had minor knee surgery and a torn meniscus, as well as a degenerating disc. I originally

used to take 2 to 3 ibuprofen a day. But now, after using Stuart's, I'm down to 2 to 3 a week. This product is great for anyone that doesn't want to or can't take drugs to manage pain. One woman I gave a sample to had jaundice in her liver from taking pain medication for arthritis. She's off medication and completely satisfied with this alternative. It's a wonderful product!"
