**“Made
It
Myself”**

Some of the best new ideas we hear about are “made it myself” inventions born in farmers’ workshops. If you’ve got a new idea or favorite gadget you’re proud of, we’d like to hear about it. Send along a photo or two, and a description of what it is and how it works. Is it being manufactured commercially? If so where can interested farmers buy it? Are you looking for manufacturers, dealers or distributors? Send to FARM SHOW, P.O. Box 1029, Lakeville, Minn. 55044 or call toll-free 800 834-9665. Or you can submit an idea at our website at www.farmshow.com.

Tayloria Universal
Up to 70 hp.

Tayloria Single
Up to 240 hp.

Tayloria Dual
Up to 175 hp.

Tayloria Heavy Duty
Up to 350 hp.

Transmitting power through large gears gives reliable power, eliminating belt pulley rig-ups.

Reducing Speed, Increasing Power

If you use PTO equipment, then you may want to take a look here. Whether you need gearbox assemblies for your 20 hp. or as much as 350 hp. engine, Beiler Engine and Mfg. has what you need with its Tayloria brand gearboxes. They have four models ranging from SAE #5 to SAE # 1. Housing flywheel adaption from 6 1/2 to 14 in. Clutch drive output shafts of 1 3/8 to 6 in. (540 rpm), 1 3/8 to 21 in. (1,000 rpm), and 1 3/4 to 20 (1,000 rpm). Splined or straight-keyed shafts. Numerous gear ratios available from 2-1 to 6-1 (mostly opposite engine rotation). Our goal is to keep standard units in stock and turnaround times short. We do that by manufacturing right here in the USA.

CHEETAH Rodent Control Machine

The Cheetah machine quickly kills burrowing rodents by capturing carbon monoxide produced by a self-contained 2-cycle engine producing over 25,000 ppm of CO and blowing the fumigant into the tunnel systems, asphyxiating the underground pests in minutes. No poisons, explosives or chemicals. Weighing only 16 lbs and built tough to operate in rugged environments, the Cheetah is easy to maintain, portable and capable of providing years of service. We stand by the Cheetah, offering a one year warranty on all parts and labor.

Again we’d like to say “Thank You!” to our customers. Now in our 8th year, Cheetah sales have grown year over year all thanks to you! And referrals by our existing clients have helped tremendously in our growth. There is nothing like first hand experience with our machine to get the word out.

Farmers, ranchers, vineyards, municipalities, parks, schools, equestrian facilities, cemeteries, golf courses and pest control companies are all finding the Cheetah invaluable in eliminating a wide variety of pests including ground squirrels, prairie dogs, groundhogs, gophers and other burrowing rodents.

For more information or to order your Cheetah, please call 805-227-0624, PST, 9-5, Monday-Friday or email dana@cheetahrodentcontrol.com. Priced at \$1,370.00, includes shipping in the USA. Visit our website: www.cheetahrodentcontrol.com.
