

# Herbal Formula Eases Aches And Pains

Steuart's Pain Formula uses a unique blend of safe, natural pain fighters to help you reclaim your life and get back to the things you love. No burning or irritation (menthol and capsaicin-free); leaves no odor or residue; stops pain fast. Promotes healing, with no side-effects.

Pain Formula penetrates skin quickly to carry a special extract of the pain relief plant (Arnica) and healing stimulation from the herb Comfrey straight to your source of pain. Steuart's Comfrey is grown especially for Pain Formula, and it's extracted using a "first-of-its-kind" proprietary technique.

**Mollie B:** "My name is Mollie Busta. I am also known as 'Mollie B'. I co-produce a show on RFD-TV called the Mollie B Polka Party.

"After my family and I had very positive results using Steuart's Pain Formula ourselves, I began selling it at my playing engagements. I couldn't believe the results. Nearly everyone liked the product. Some people at my events experienced pain relief within 5 minutes after applying it.

"I like this product simply because it works. There is no product that I sell that I don't believe in. I refuse to offer a bad product to my customers, nor would I risk the chance of tainting my name that I have built for myself, by offering a faulty product."

**Moe Sattler, Decorah, Iowa:** "I work as a waitress, on my feet 8 to 15 hours per day. I used to take over-the-counter meds for knee pain in order to sleep at night. With Steuart's Pain Formula I sleep pain free w/o the meds."

**Gary Broadwater, Spring Valley, Minn.:** "For the past 10+ years, I have been getting severe muscle cramps in the back of my legs. I am a FARM SHOW reader and a farmer, so every spring and fall I am sitting in the tractor or semi for long periods of time. I would wake up in the middle of the night with a spasm in one leg and sometimes both that would last with painful effects into the next day. I started using Steuart's Pain Formula this fall. I apply it every night before I go to bed and it completely eliminated the spasms since the first night of use. I am very grateful for this product and will continue to use it and enjoy the relief and the sleep that it provides."

**Sue & Mike Johnson, Morley, Michigan:** They started using Steuart's Pain Formula after seeing it in FARM SHOW

Magazine. Sue uses it for knee pain & Mike uses it for back and shoulder pain. They have stopped using prescription pain medicine since Steuart's Pain Formula.

**Mark Newhall, Editor, FARM SHOW:** "My mother is 89 years old and has a lot of back pain. She and my dad, who is 91, go through about 6 bottles of Pain Formula a year. When my mom's back acts up, my dad massages it with Pain Formula. They tell me they've never found anything else that works even a fraction as well as Steuart's. The direct quote from my dad is, 'I don't know how we would get by without Steuart's Pain Formula.'"

**Thomas Lindberg, Two Harbors, Minn.:** He says, "I have arthritis pain in my shoulders and back and was having trouble sleeping through the night because of the pain. I read about Steuart's in FARM SHOW and was a bit skeptical at first but thought I'd give it a try. I was absolutely amazed at how well it worked and now use it every day. It works better than anything on the market."

**Pastor Joe Haynes:** "I normally don't write product reviews, but this company impressed me so much that it compelled me to write a review. I am a middle aged diabetic. My diabetes usually never gives me problems, but I am always concerned about my feet. Recently I got an infection in a toe, presumably from trimming the toe nail too far back. In any case, it was a painful issue that also prevented me from wearing shoes. I could only wear open toed sandals. As a pastor, I felt quite out of place with such casual footwear. One parishioner gave me a bottle of Steuart's Propolis Tincture and a bottle of Steuart's Wound Cream. By the time I received this, I also had a finger that was infected, presumably from using the same trimmer. I used the Tincture for the

A 5-oz. Pain Formula sells for \$34.90. A 1-oz. Pain Formula sells for \$18.90. A 4-oz. bottle of Wound Cream is \$9.25. A 1-oz. Propolis Tincture is \$12.95. Orders that include Pain Formula are shipped freight-free.

first couple of days along with the Wound Cream. Later, I used just the Wound Cream. I was amazed with the quick healing process. I had the sore on my toe about 2 weeks before I started using Steuart's products. The pain subsided after 4 days of using Steuart's Wound Cream and the toe took about three weeks to heal, but the finger only took a week."

## No-hassle Money Back Guarantee

"If you find that Steuart's Pain Formula doesn't give you the relief you need, we want to issue you a prompt, courteous refund - no hassles, catches, or hoops to jump through. You can even use the ENTIRE bottle. Just send back your receipt and empty container, and we'll refund your payment as soon as possible," says Steuart.

## More Products From Steuart Labs

An ointment for dairy cows worked so well on chapped teats & wounds in the barn that it graduated to human use. The product "Teat Heal" is also labeled as Steuart's Wound Cream for use on people. The active anti-septic agent is propolis or "bee glue". Honey Bees coat the inside of the hive with this very sticky resin that they manufacture from sap that they gather from certain trees. Propolis has the unique property of being anti-bacterial, anti-fungal, and anti-viral without inhibiting the healing process on injured skin. Most anti-bacterial skin products on the market today inhibit healing. Steuart's Wound Cream also contains Comfrey Plant Extract which stimulates skin healing.

Teat Heal (left) is one of Steuart's veterinary products. Wound cream (center) is the "human" version of the teat cream. And Propolis Tincture (right) is used to speed healing of cuts and scrapes.

Steuart markets 2 products containing the Propolis extract for people use. Steuart's Wound Cream & a concentrated Propolis product called Steuart's Propolis Tincture.
