Dear Producer,

If you want to get more out of your fields and are tired of the increasing cost of NPK, keep reading because we have what you need to be more successful on your farm...

Here are the benefits of our nutrients:

- Higher-quality crops with more flavor & nutrition
- Increase yields and improve organic matter
- Stimulate nitrogen fixing organisms in the soil
- Save money over the cost of synthetic fertilizer
- Improve cell structure of produce for longer shelf life
- Improve soil moisture retention in dry climates
- Promote a healthy soil eco system with fewer problems
- Non leaching nutrients accumulate over time
- Build soil up year over year... everything improves

“At any given moment your soil is either getting better or it is getting worse, with Chicken Soup for the Soil® your soil will continue to improve.” -Jim Zamzow, Founder of Dr. JimZ®
